MYLES T. WHITE CONSTRUCTION
FINE HOME REMODELING

Thinking the top **left** of each page would have the MTW logo, above. **Centered** would be the menu options. **“HOME” “PROJECTS” “ABOUT” “CONTACT”**. On the **Right** the phone number: **503.939.1192**

Below on the Home page: A Banner Photo

Below Banner Photo: **"building & transforming spaces that feel right at home"** or something like that…

If we can have a few page width photos, essentially stacked on top of each other with a link to a photo gallery for each (we really need to work on selecting photos). The photo gallery would be the next menu option: **PROJECTS.**

- **Kitchen**
- **Bath**
- **Living**
- **Exteriors**

Subtly on the end of the home & contact sections a few reviews, I was thinking three per page in a more box, condensed format:

We loved working with Myles on our guest bathroom makeover and we are thrilled with the results. His work is meticulous and I can honestly attest that he is the tidiest/cleanest contractor EVER! Myles listened to what I wanted and went above and beyond, we will definitely use him again in the future- thank you Myles.
Lisa Mc

Honest. Goes beyond the expected. Follows up. Hard worker. Confident. He's remodeled most of my house, added a shed, and finished a major French drain project and my basement has been dry ever since. The best.
Erik V

We have hired Myles to do a few personal jobs for us. One was to remove a window and replace it with a glass door. It turned out wonderfully and looks as if it was there to start. I also had a built-in desk. I asked Myles to design and build a filing cabinet and integrate it into the existing built-in. The carpentry work is top notch. If you didn't know better you would have guessed it was original.
Lara J

Myles helped remodel our entire kitchen. AND did an amazing job! He is knowledgeable, meticulous and does clean work. I recommend him to all my friends and will continue to use him for projects. MYLES is the best at what he does!
Star K

Myles is a joy to work with! He is an excellent communicator and might be the happiest, smiley-ist person I know. His attention to detail is above anyone I've ever encountered, which is great- because when it came to our remodel, I was very detail oriented. Myles and his team managed our entire home remodel. We tore down walls, moved the kitchen, expanded the master bathroom and added a bonus room. I very much had a vision and Myles and his team delivered. I also appreciated his two cents. Like when he suggested we create an oversized shower nook in our masterbath- that is one of my favorite features and when I see large showers now I think, why didn't they do an oversized nook?!.

Two years after the house was complete we renovated our backyard and Myles installed a clear cedar floating bench. I completely relied on his expertise on how to do it for the best outcome. I basically said, this is what I want it to look like- and viola.

We just sold the house, and although we will miss it, we look forward to our next house where we are sure to hire Myles. (I've already seen a couple of houses where the projects are in my head and I know Myles will deliver my vision). His experience with materials and the industry makes him a great resource when trying to bounce ideas when you might be torn between a couple of options.

Myles receives my highest recommendation!
Lisa Mac

His honesty! Knowledge and workmanship.
John P

Bottom **RIGHT** of each page, a solid color, black? Banner with the logo (without fine home remodeling) -we have a reverse image in white as well- Large phone # below logo & CCB # below that in smaller font ccb #200083

503.939.1192 (bigger, white?)

ABOUT

Myles T. White, founder of Myles T. White Construction LLC, brings over three decades of hands-on experience to residential remodeling in the Portland metro area. A third-generation carpenter, Myles began his career framing homes and built his expertise from the ground up.

He specializes in kitchen and bathroom remodels, custom finish carpentry, and full home renovations, while also offering project management and consulting services. His background includes new home construction and additions, giving him a well-rounded understanding of every phase of a project.

Myles is known for his detail-oriented craftsmanship and his ability to coordinate projects seamlessly alongside a trusted network of skilled subcontractors. His approach is rooted in integrity, clear communication, sustainability, and maintaining safe, clean job sites.

A lifelong member of the Portland community, Myles lives in Lake Oswego with his wife Elisa, who manages office operations and project coordination. Together, they've raised two adult children and enjoy spending time outdoors, attending music & sports events, and being with family and friends.

For Myles, the most important part of any project is the final result—delivering a space that homeowners love and can take pride in for years to come. Photo of Myles to the right.
